Division of Drinking Water

Lead and Copper Rule Reporting Form

This form must be submitted to the regulating entity (DDW District Office or County Agency) for each round of lead and copper sampling

Report Date: (mm/dd/yyyy)	09/26/2022	Sampling Site Change <i>If any sampling sites were changed, please list the old site, new site, and reason for the change in the box below.</i>
Water System Name:	Park Royal Mutual Water Company	
Water System Number:	4900553	
Sample Schedule:	<input type="radio"/> 6-month <input type="radio"/> Annual <input checked="" type="radio"/> Triennial	
# of Samples Required:	5	
# of Samples Reported:	5	
90th Percentile Level (mg/L)		
Lead:	0	
Copper:	0.305	

	Sample Date	Sample Site Location/Address	Tier 1, 2 or 3	Result	
				Lead (mg/L)	Copper (mg/L)
01	08/29/2022	4457 Regent Court		ND	0.27
02	08/30/2022	109 Coronation		ND	0.18
03	08/29/2022	153 Park Royal Ave		ND	0.15
04	09/08/2022	4470 Drury Lane		ND	0.34

Division of Drinking Water
Lead and Copper Rule Reporting Form

Number of Tap Sample Sites Required

The number of tap sample sites required is based on the number of people served (system size) by your water system and also whether you are performing Standard or Reduced Monitoring (*COR §64675*).

System Size	Minimum Number of Sites	
	Standard Tap Sampling	Reduced Tap Sampling
> 100,000	100	50
10,001 to 100,000	60	30
3,301 to 10,000	40	20
501 to 3,300	20	10
101 to 500	10	5
< 101	5	5

Determining the 90th Percentile Lead and Copper Level

Number of Tap Samples Collected	Determination of 90 th Percentile Lead or Copper Level
5	Average the 4 th and 5 th highest sample results to get the 90 th percentile level
More than 5	Place results in ascending order and assign each sample a number, 1 for the lowest concentration. Multiply the total number of samples by 0.9. Round down to the nearest whole number if the decimal is 0.4 or lower and round up if the decimal is 0.5 or higher. The sample result that corresponds with the nearest whole number is the 90 th percentile.

Notification of Results

As required by *40 Code of Federal Regulations Section 141.85(d)*, within 30 days of learning of the tap monitoring results, I notified the participants, by mailing or by another method approved by the State, of the lead sample results from their individual taps, provided an explanation of the health effects of lead, listed steps the consumer could take to reduce exposure to lead, provided contact information for the water utility, the maximum contaminant level goal for lead, action level for lead, and any definitions.

Notification was done on: 11/14/2022 (date)
